

Chem-Match: Corporates meet Startups 2023 "Green & Digital"

Discover your perfect match – meet online or onsite in Frankfurt / Germany
Collaborate for change in the chemical industry

- 26 Oct 2023 Matchmaking Event @CIEX Europe Conference 2023
(Frankfurt/Germany onsite + online)
- 27 Oct 2023 Matchmaking Event (online)

The chemical industry faces diverse challenges these days. Issues like digitisation, process improvements, ecological and social responsibility, supply chains and energy crisis shape a new operation setting for companies. The pressure to innovate is high, while the time needed remains an obstacle.

Chem-Match: Corporates meet Startups 2023 "Green & Digital" brings impetus to the chemical open innovation in terms of sustainable and digital transformation. We match corporates with startups from the fields of chemistry, biotechnology, sustainability, digital process management and digital innovation.

Hessen Trade & Invest with the Enterprise Europe Network and their project partners offer this **special event format for meeting and discussing about corporate – startup collaboration. Participation in the B2B-Meetings is free of charge for ALL companies.**

Chemical corporates use this format to

- meet innovative startups during the matchmaking event on 26 and 27 October
- join the top-class conference programme at CIEX Europe 2023 conference in Frankfurt/Main and online (extra entrance ticket)
- source new ideas and innovative approaches

Startups and Scaleups get the opportunity to

- meet international corporates from the chemical industry for individual B2B-meetings during the matchmaking event on 26 and 27 October (hybrid)
- join the top-class conference programme at CIEX Europe 2023 conference in Frankfurt/Main and online (with special conditions for startups)
- meet intellectual property experts from Helpdesks around the world
